

# 01

This is a set of materials designed to take the viewer through 10 case studies of the cultural planning process the way it was carried out within the UrbCultural Planning (UCP) project in the Baltic Sea Region (2019-2021).

Each neighbourhood is given a colour and an abbreviation

	<b>BDĀ</b> — Bolderāja, Riga, Latvia
	<b>GRD</b> — Gaarden, Kiel, Germany
	<b>SKDG</b> — Sarkandaugava, Riga, Latvia
	<b>VSC</b> — Visaginas, Lithuania
	<b>ŠNK</b> — Šnipiškės, Vilnius, Lithuania
	<b>STPR</b> — Stare Przedmieście, Gdansk, Poland
	<b>PORI</b> — Pori city centre, Finland
	<b>GBS</b> — Guldborgsund, Denmark
	<b>NWP</b> — Nowy Port, Gdansk, Poland
	<b>KGD</b> — Kronprintz, Kaliningrad, Russia

# 03

For each neighbourhood, you will find:

**Baseline study booklet**

This can be placed in the slits of the boxes. You will find 5 additional copies of your local neighbourhood booklet.

**Process booklet and separate diary pages**

The booklets can be placed in the slits of the boxes. Additionally, the diary pages can be unfolded and pinned on the wall. One side is the local language, the other - English. You will find 5 additional copies of your local neighbourhood booklet.

**Map 1:10 000**

A neighbourhood level map can be attached to metal frames provided or on the wall with special clips.

**Envelope with memorabilia material**

The contents of each neighbourhood's envelope are different. Some might have books. Some might have stickers or other memorabilia from the process in the neighbourhood.

For the digital version of the documentation, go to:

# 02

This package is intended to be used as informative presentation material, pop-up exhibitions, workshops, or other events where urbanism, societal change, and culture are discussed! The material can be organised on walls, flat on tables or both.

# 04

Additionally, in the box, you will find:

**Post-process booklet**

This booklet contains reflective sum-up discussions with partners conducted after the end of the project in 2021. This booklet is in English.

**2x UCP general introduction posters**

These can be placed in the space as introductory material.

**1x Your local neighbourhood introduction poster**

This can be placed in the space as introductory material.

**2x Your local neighbourhood large scale photo prints**

**10x Small colourful posters with names of each neighbourhood**

These can help organise the material on the wall or the table. See photo prints.

**1x USB stick with videos**

USB stick contains all the materials in printable pdf form and videos, which can be used to create a more immersive presentation with videos on a tablet near each neighbourhood section or a general projection with videos circulating on loop.

**01** Firstly, separate two boxes and place them next to one another.

**05** Neighbourhood Baseline study and Process booklets can be placed in the slits of the boxes to be shown next to each other.

**02** Remove the lids and take out the contents.

**06** Diary pages can be unfolded and pinned on the wall. One side is the local language, the other — English.

**03** Put the tops back so you can use the boxes as a workspace.

**07** Neighbourhood level map can be attached to metal frames provided or on the wall with special clips.

**04** Fix boxes together with clips and place them on a table or on separate legs!
